Hi Della,

It's Rebecca from the Amherst drug Lab. I just wanted to inform you that I received a phone call from a defendant who gave her name as [REDACTED] and questioned the results of the analysis for sample number [REDACTED]. I saw you did some of the analysis. I did answer some of her questions but I also told her that this was a Boston sample and she would be better off calling your lab with any more questions. I just wanted to give you a heads up just in case you get a call from her or her attorney. Have a great day!
